MAJOR CHANGE FORM – NEW REQUIREMENTS

Major Curriculum Change requests are broken out into 4 separate forms, each with its own link. Please make sure the appropriate link has been chosen.

- **New or Restore Course form**: [https://registrar.wsu.edu/forms/new-restore-course/](https://registrar.wsu.edu/forms/new-restore-course/)
- **Major Course Revision form**: [https://registrar.wsu.edu/forms/course-revision/](https://registrar.wsu.edu/forms/course-revision/)
- **New Requirement form**: [https://registrar.wsu.edu/forms/major-curricular-change-form-requirements-new/](https://registrar.wsu.edu/forms/major-curricular-change-form-requirements-new/)
- **Requirement Revisions form**: [https://registrar.wsu.edu/forms/major-curricular-change-form-requirements-revise/](https://registrar.wsu.edu/forms/major-curricular-change-form-requirements-revise/)

**Important Notes:**

This form is for **new curriculum requirements**: plans, sub-plans, minors, and certificates.

**NOTE:** If proposing a **new** program (degree) or **extending**, **moving**, **consolidating**, **eliminating** or **renaming** an existing program (degree), these proposals **must first go through** the Provost’s Office review process. **Please do not use this form.** Please contact the Provost’s Office for directions on processing program (degree) proposals.

**Definitions, policies, and additional procedures**

**Please remember:** Persons not acquainted with your particular curriculum will be evaluating the request and clarity will ensure faster action.

**Saving Work** by using “Save Form” button at bottom of form: When needing to step away, work in progress can be saved without submitting, with the following considerations:

- For each form link: Once saved, cannot start another request for the same link until the current request has been completed and submitted. When opening the link after saving, the information in progress will appear on the form for current un-submitted request.
- A separate form link for another curriculum change category (see first paragraph) can be opened and worked on while saving work in progress on another form link.

**Step by Step Procedure for All Requests:**

1) **Log in** using your WSU network ID and password.
2) **Future Effective Date**: Enter the date (Fall /year) the revised requirement would be effective once approved. This must be a **future Fall term**.
   a) **Deadlines for receiving curriculum revision requests:**
      i) **Deadline for Fall term effective date**: October 1st of the year prior to the requested Fall term effective date for the revised requirement. **Forms, rationale statements and documentation, and chair and dean approval emails must all be received by the deadline.** Submissions will be accepted after the deadline but may not receive Faculty Senate approval in time for the requested effective date.
      ii) To ensure completion of the approval process for the requested term effective date, approval for this form from the Chair and Dean/Associate Dean should be received no later than the deadline date. **Please consider your departmental and college timelines when submitting proposals.**
3) **New Requirement**: Choose the new curriculum requirement you are requesting from the drop-down menu.
   a) **Department**: Pick the department the program is under.
i) If interdisciplinary, choose the department that will be administering the new requirement.

b) **Degree**: Enter the degree program the new requirement is under. (Examples: B.S. in Chemistry; M.S. in Chemistry; Ph.D. in Chemistry)

c) **New Requirement Request Title**: Enter the title of the new plan, sub-plan, minor, or certificate. Be sure to include "Thesis" or "Non-Thesis" as applicable

d) **CIP (Classification of Instructional Programs) Code**:
   i) Please provide a 6-digit CIP code (e.g. 01.0100) for this item. Required for all new academic degrees, plans, sub-plans, minors, and certificates.
   ii) **CIP Code finder**: Use the link provided in the form if help is needed in selecting a code suitable to your academic requirement.
   iii) **Information**: The CIP code is the accepted federal government statistical standard on instructional program classifications and is used in a variety of education information surveys and databases. The CIP is also requested in various ad hoc reports and grant proposals. If you have questions about obtaining a CIP number, please contact Barb Schmidtlein at bschmidtlein@wsu.edu, or 509-335-5583.

e) **Campus**: Select the campus(es) where this new requirement will be offered.

4) **Supporting Documentation**: Documentation is required for all Major Curricular Change requests. Supporting documentation includes a rationale statement and must also include information and description for the new plan, sub-plan, minor, or certificate as specified below.

a) **Rationale Statement**: A rationale statement must be uploaded explaining the reasons for each request marked on the form, and any impacts to departments or colleges in Pullman, and other campuses if applicable.

b) **Provide a catalog description and supporting information** for the new plan, sub-plan, minor or certificate as follows:

   i) For new **Undergraduate or Professional Plans or Sub-plans**, include a term-by-term schedule of studies (4-year plan) for publication in the catalog. The sequence must include all degree requirements, including University-wide requirements, as well as courses in the plan or sub-plan. University-wide requirements include 120 credit minimum for plan/sub-plan, which includes 40 upper-division credits, UCORE courses, and Writing in the Major courses, and the completion of the Writing Portfolio before the third year.

   (1) Please note that a schedule of studies can be made to adapt a schedule of studies (4-year plan) to accommodate different campuses, but the requirements must be the same for all campuses. For example, you cannot require Math 106 on one campus and Math 107 on another. However, you can amend the schedule of studies (4-year plan) to require Math 106 or Math 107.

   ii) For new **Graduate Plans** include student learning outcomes, plan assessment, plan requirements including curriculum (required and elective courses, course delivery method), and resource (faculty, curriculum) assessment.

   (1) **Please note that requirements must be the same for all campuses**. For example, you cannot require Math 534 on one campus and Math 535 on another. However, you can require Math 534 or Math 535.

   iii) For new **Minors**, include a catalog-ready description of the minor for publication in the catalog.

   iv) For **Certificates**: See “Certificates” under “Guidelines” in the *Educational Policies and Procedures Manual*, which can be found at the Faculty Senate website: http://facsen.wsu.edu/eppm/. Include a catalog-ready description of the certificate for publication in the catalog.

c) **Uploading Documentation**:

   i) Go to the “Choose file to upload” at the bottom of this section and click on “Browse”. Choose the file to be attached and hit “open”. This will attach the document to the form.
ii) To add more documents: Go to “Choose file to upload” and click on the link “Add additional documents”. This will bring up another “Choose file to upload” Browse button. Continue as before. (1) This can be done as many times as needed to upload all supporting documentation desired.

5) Department Contact: Provide the department contact information the Catalog Subcommittee representative will use to contact department, if necessary. List the course instructor, if different.

6) Chair(s) and Dean(s) Contact information: Provide contact name and email for both the department chair and the college dean, as well as any additional chairs and or deans as needed to obtain signatory approval. Form cannot be submitted without this information.

7) When Submitted:
   a) Automatic emails will be sent to the chair(s) and dean(s) requesting approval response email be sent to curriculum.submit@wsu.edu. The email will include a summary of the request, and supporting documentation.
   b) An automatic email will also be sent to the submitter listing the summary of the request made.

8) Once E-mail approvals are received from chair(s) and dean(s) offices, if there are no errors in the submissions, the curriculum change request will be assigned a Catalog Subcommittee (CSC) number and put on the CSC agenda to begin the review and approval process.

NOTE: It is the department’s responsibility to:
   • Coordinate all approved course changes with the scheduling area within the Registrar’s Office for inclusion in the schedule of classes [http://www.schedules.wsu.edu/]
   • Follow-up on other areas in the catalog affected by the approved change such as schedules of studies and prerequisites.

Catalog Subcommittee Notes: Information on the progress and completion of each major curricular change item received by the Registrar’s Office is noted each Friday in the Catalog Subcommittee Notes, which are posted on the Faculty Senate website and in the RO Publications at the beginning of the following week. Upon final approval by the Senate, a copy of the Major Curriculum Change Form will be returned to the department.

Progression for Curriculum Review and Approval Process:
   Special committees as needed: UCORE Committee; Writing in the Major [M], Special Course Fees; Health Sciences Committee;
   Catalog Subcommittee (CSC);
   Academic Affairs Committee (AAC) (undergraduate and professional curriculum) or Graduate Studies Committee (GSC) (graduate curriculum items);
   Faculty Senate (FacSen) [For most requests, can begin publicizing once approved].
   Board of Regents
   Northwest Commission on Colleges and Universities (NWCCU) [Degrees only, if needed]
