UNDERGRADUATE AND PROFESSIONAL MAJOR CHANGE BULLETIN NO. 8

Spring 2016

--REQUIREMENTS-

Faculty Senate Approved March 10, 2016

The requirements listed below reflect the undergraduate major curricular changes approved by the Catalog Subcommittee since approval of the last Undergraduate Major Change Bulletin. All changes are underlined. Deletions are crossed out. The column to the far right indicates the date each change becomes effective.

Dept	Proposed	Effective Date	
Biological Sciences	Zoology - Pre-Veterinary/Animal Care Option (120 Hours)	8-16	
Revise graduation			
requirements for	A minimum of six years is required to obtain the DVM degree. Two or more		
Bachelor of Science in	years of preprofessional (pre-veterinary) training must be taken followed by		
Zoology - DroVotorinomy / Animal	four years of professional study in veterinary medicine. The following		
PreVeterinary / Animal Care	curriculum will allow students to finish preprofessional academic		
Care	requirements in two years. This schedule is rigorous. A student who cannot maintain a high GPA following this schedule should choose to finish the		
	preprofessional requirements in three years.		
	All preprofessional academic requirements must be completed by the end of	2	
	the academic year during which the application is under consideration.		
	Students wishing to apply to Veterinary School during the sophomore year		
	must complete the Graduate Record Exam (GRE) General Test and have		
	sufficient Veterinary medical exposure and/or animal experience.		
	Applications are due by October of the sophomore year if prerequisites will be met by the end of the sophomore year.		
	be met by the end of the sophomore year.

⁴ Science requirements for admission to WSU College of Veterinary Medicine.		
²¹ MATH 106 may be taken as a pre-/co-requisite to CHEM 105 and other MATH courses. N 108 may also be needed.	IATH	
² <u>A biochemistry course is required for admittance to U.S. veterinary colleges.</u>	144	
³ Zoology, Pre-Veterinary/Animal Care Program Option electives should be selected in cons with a biology advisor and must include 12 credits selected from ANIM SCI 314; BIOLOG 360, 393 [M], 412, 423, 428, 432, 438 [M], 495; MBIOS 303, 304, 305, 306; NATRS 43 approved by advisor. Beyond the core requirements (BIOLOGY 106, 107, 301, 372, and 4)	GY 352, 1 or as	

Music Revise graduation	Music Education - Choral/General Endorsement Option (138 <u>132</u> Hours)	8-16
	 The appeal will be considered and a decision made by July 1 and February 15. 7) Students who are deficient under the University's Educational Policies and Procedures are subject to decertification. Recertification will be granted only under rare, extenuating conditions. 8) Students are allowed a maximum total of one repeat among all required CHE courses, except CHE 110, 398, and 498. 	
	are not certified will be notified of the decision according to the time table described in 4) above. Such students who are not certified may appeal the decision. This appeal should describe any special circumstances which should be considered. A faculty committee will consider the appeal, the special circumstances described, and trends in the grades (e.g. trends in grades and/or withdrawals, typical course load attempted and typical course load completed) and make a final decision regarding certification. The appeal must be submitted within 2 weeks of the notification described in 4) above.	
	 5) If the number of students seeking certification exceeds the program capacity, as determined in 1) above, additional criteria will be used to select those who are certified. Those criteria include: (a) average GPA received in the courses listed in 2) above; (b) average GPA earned in all the engineering/math/science courses which have already been completed; and (c) the GPA earned during the previous semester. 6) Students who have completed all the courses listed in 2) above, but who 	
	4) Certification decisions will be made at the end of Fall and Spring semesters, and those being certified at the end of Spring semester will be notified by June 1, while those being certified at the end of Fall semester will be notified by January 15.	
	 b. A "C" grade or better in each of the courses listed in 2) above. c. Completed at least one term of coursework at WSU as a full-time student. dc. Be in good academic standing (semester GPA 2.00 or higher) at the time they are being considered for certification. 	
	MATH 273; CHEM 105, CHEM 106, CHEM 345, PHYSICS 201, CHE 201. 3) To be certified, each student must meet the following minimum standards: a. 2.0 cumulative GPA.	
	Engineering and Bioengineering will establish the total number of students (June and January) to be certified into the chemical engineering program. 2) Each student will be considered for certification during the semester after she/he has completed all of the following courses: MATH 171, MATH 172,	
Bachelor of Science in Chemical Engineering General option.	Criteria for Certification – Chemical Engineering Program 1) In September of each year, the faculty of the School of Chemical	
and Bioengineering Revise certification equirements for	At least 66 of the total hours required for this degree must be in 300-400-level courses.	
	Chemical Engineering – General (127 Hours)	8-17
	Approved courses include 200-400-level BIOLOGY courses except those not used to fulfill core requirements (BIOLOGY 106. 107, 301, 372, 403 and 405), and any courses approved by advisor. A maximum of 4 credits of coursework graded S/F may be used toward fulfilling departmental requirements or program options and must be approved by advisor.	

equirements for Bachelor of Music:	Students following any teacher preparation option are required to acceptable senior half recital in the major performance medium.	present an

	⁹ Spring, alternate years only.	
Music Revise graduation requirements for	Bachelor of Music with Elective Studies in Education (126-<u>120</u> Hours)	8-16
Bachelor of Music with Elective Studies in Education	Students following any teacher preparation option are required to present an acceptable senior half recital in the major performance medium.	
	Students following any teacher preparation option must have a minimum GPA of 2.5 in all of the following areas: cumulative GPA, Professional Education Core with a C or better in each course, and academic major (and minor if any) with a C or better in each course. Students must also certify as majors in the College of Education. Since this option is likely to lead to enrollment in the MA in Music, students are advised that admission to graduate study requires a 3.0 cumulative GPA.	
	Students must pass the Piano Proficiency Exam, pass the senior qualifying exam, achieve a cumulative 2.5 GPA and a grade of C or better in all music classes, and a 2.5 GPA and a grade of C or better in all College of Education Professional Core courses. Class piano credits are not required for the degree. Instrumentalists must complete 4 credits in vocal performance studies (private lessons and/or ensemble) and vocalists must complete 4 credits of instrumental performance studies. <u>Approved Performing Ensembles: See</u> <u>degree requirements for applicable (desired) endorsement.</u>	
	This option provides professional preparation in music combined with studies in education. Students may complete teacher certification requirements after completion of this degree through further enrollment as undergraduate second degree candidates, enrollment as post-baccalaureate non-degree	

students, or as graduate students, each of which requires application for admission. Students planning to seek admission and enroll as graduate students should, at the beginning of their last semester of undergraduate study, complete the necessary form to count selected courses in the final undergraduate semester toward the graduate degree, up to a maximum of 6 credits.

As stated above, this option may lead to one of three paths to achieve teacher certification in designated arts: Music (choral, instrumental, and general). If a student elects to pursue teacher certification, requirements include: C or better in all music and education courses; 2.5 music average; 2.5 education average; 2.5 overall average; 4 credits vocal performance for instrumentalists; 4 credits instrumental performance for vocalists; upper-division exam, piano proficiency, solo half-recital. Approved performing groups: a minimum of 1 credit during each of 7 semesters, to include at least one semester of MUS 435 for instrumentalists and 428 for vocalists. Include a minimum of 2 credits in choral and 2 credits in instrumental performing groups. Note that during the second term of the senior year, only 10 credits are taken toward the degree. Students must enroll in 12 credits to be full time and may enroll in graduate credits if preparing to enroll in the MA degree program.

Only 9 credits of MUS courses can be used to fulfill UCORE requirements.
