

GRADUATE MAJOR CHANGE BULLETIN NO. 3

Fall 2019

Faculty Senate approved December 5, 2019

The courses listed below reflect the graduate major curricular changes approved by the Graduate Studies Committee since approval of the last Graduate Major Change Bulletin. The course information under the heading titled *Current* will show strikethroughs for deletions, and the heading titled *Proposed* will show underlines for additions. The column to the far right indicates the date each change becomes effective.

Subject	Course Number	New Revise Drop	Current	Proposed	Effective Date
BIOLOGY	540	Revise	Stable Isotope Theory and Methods 3 (2-3) Theory and practice of measuring stable isotope ratios of biologically important elements; training in the use of isotope mass spectrometers. Typically offered Odd Years - Fall. Cooperative: Open to UI degree-seeking students.	Stable Isotope Theory and Methods 3 Theory and practice of measuring stable isotope ratios of biologically important elements. Typically offered Odd Years - Fall. Cooperative: Open to UI degree-seeking students.	8-20
